MONTHLY PERSPECTIVE:

June is national safety month, so lets talk home safety tips today! Each year, preventable injuries, specifically in the home are 2.5 times more likely to cause injury than car crashes and they cost our nation up to \$380 billion dollars.

[Prevent Home Injuries](#)

Whether a big mansion or a studio apartment, there is no place like home. It provides us with comfort and relaxation. Home is where we feel safe. But have you really checked how safe your home is, in terms of injury prevention? During these high-risk critical days of summer we want you thinking ahead!

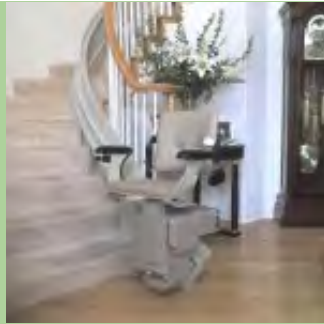

GREATITUDE STORIES:

great + attitude = GREATITUDE

GREATITUDE CLIENT STORY:

In June the Accessible Systems field team completed a large project for an ALS client that was brought to us from the VA. The solutions we provided were installing a vertical platform lift in the garage, a stairlift into their basement, a barrier free bathroom modification and a custom patio modification with a ramp. Here is what this family shared about their Accessible Systems experience: "I can't say enough positive about Accessible Systems.

Some of the key plusses are: On site project management that was unchanged throughout the entire project, frequent and regular discussions regarding scheduling, when certain stair lift components were back-ordered by the manufacturer, Accessible Systems loaned and installed a unit from their own inventory at

their own expense, Assessible Systems worked with us on design and sub-contractor choices, throughout the project we felt that we were 'cared for' not simply a project for financial gain."

Our purpose here is simple, we want to provide solutions for our clients to HELP them live independently at home and do it in a way that speaks with heart!

GREATITUDE REFERRAL PARTNER:

Performance Mobility (formerly known as Adaptive Automobility)
