## GREATITUDE STORIES :

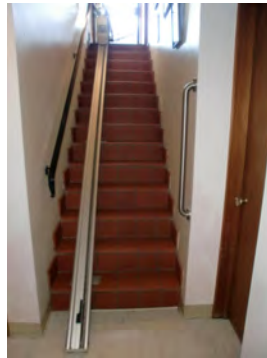

Judith and Leah

"When I need something I call Accessible Systems and then I have it!"

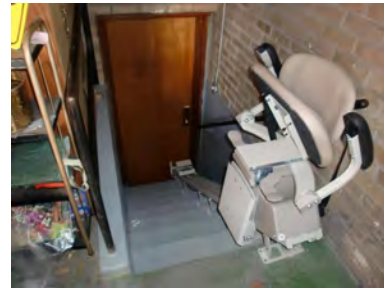

Judith Higson

Sometimes in life, you find a special friend, someone who changes your life by being a part of it, someone who makes you laugh until you can't stop, someone who makes you believe there really is good in the world. This is forever friendship, and if you find such a friend, you feel happy and complete. You have a forever friend for life.

Judith Higson lives in her forever home with her 3 forever furry friends, Miri, Sammi and Tami. After experiencing some health challenges that left her wheelchair and home-bound, Judith needed to adapt her home to align with her new abilities.

1st Stairlift for Access to Lower Level

2nd Stairlift for Access from the Garage

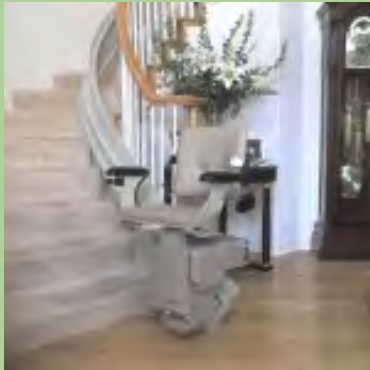

Judith's home is a unique 1950's Denver Tudor style with several stairs, walls and rooms. Despite an older home with a complex design these pictures prove that it is possible to adapt. Check out the two stairlifts that were installed giving her access from her garage as well as from the main level to the lower level.

Judith spent several days at the sub-acute therapy department inside the Christian Living Community at Clermont Park. Here the therapy team worked to rehab Judith to the point where she could be discharged back to her forever home with her forever friends! Thanks Clermont Park!

Another modification Judith made was to install a wheelchair ramp into the main living room. Additional tools like custom hand rails and a super-pole have been very helpful for Judith to use for therapy, balance and transfers.

Most recently, Judith chose to modify her bathroom with a barrier free shower design. This makes it easier for her to bathe comfortably and safely.

# This month our GREATITUDE goes to the Judith Higson and her forever friends!
