[Change at Accessible Systems](#)

We know that the weather changes with the seasons and with it brings change in our lives. With each changing season, it's a time to reflect on the past and make plans for the future. What changes are happening or are you creating this autumn season?

As the region's premier home modification and assistive technology provider, we recently surveyed you, our customers and professional partners, about our changing logo. Your responses were poignant, appreciated and gave us the affirmation we needed to launch our new logo! 90% of you shared that our new logo helps demonstrate how we make the entire home accessible!

Here's what some of you shared...

"I like that it shows that the entire house can be made accessible from basement to loft. Good job!"

"Wheelie dude is excited about his house being accessible!!!"

"Your logo is clear and 'happy'. I like it."

If this is your first time seeing our changed logo and you

desire to share your opinion please email us!

Ceiling Lifts

[Riding with Paralympic Medalists!](#)

What an honor it was to share the starting line of the 3rd annual Jam the Damz with 2012 Paralympians Matt Updike and Monica Bascio! Matt and Monica both just returned from London where Matt won Gold in the handcycle team relay, and Monica won two silvers in the individual Time Trial and Road Race.

This year over \$60k was raised for [Craig Hospital, US Handcycling](#), and [Adaptive Adventures](#)

Accessible Systems rode the 50k segment and met several participants who were interested in learning about our home modification and assistive technology solutions.

A special thanks to John Vcelka from [Sports Abilities](#) for

getting us involved in this extraordinary fundraising event!

Your friends at Accessible Systems, Inc. would like to take this opportunity to thank you for your business, your referrals and your ongoing support!

Your Adapted 107 yr. Old Home & Friends,

Accessible Systems,
