What is a Free In-Home Evaluation?

When considering home modifications we believe that developing a plan requires working with an accessibility expert at no cost!

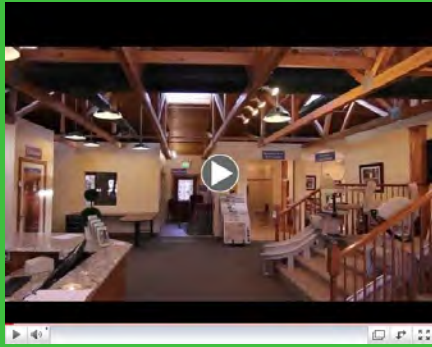

Ken, Accessibility Expert & His Certified Therapy Dog, Pearl

Our accessibility specialists work with you one-on-one to understand your mobility needs. We'll look at both temporary and permanent modifications including outdoor and indoor. Home modifications aren't a one-size fits all improvement.

We can customize everything to enable you to stay in your home and enjoy your independence. For family members, you get to regain your peace of mind knowing your loved one is in a safer environment.

Find out more by scheduling your free in-home evaluation. Your personal accessibility specialist will discuss your specific needs and review the important areas of your home. You will receive expert suggestions and a clear plan customized to your home.

After thousands of our evaluations most families appreciated the unique solutions and multiple options that created new, safe spaces within their home.

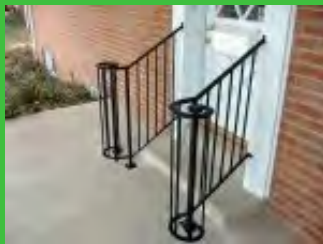

Tour Our NEW Adapted ShowHome and see your home as Accessible.

'DAYMAKER' OF THE MONTH:

Hear How A Scooter Helped a 53 Year Marriage!

Tom and Josephine are in the top 3% of couples who get to celebrate 53 years of marriage. We met this sweet couple during the 9 day event, the Colorado Garden and Home Show.

Within minutes of entering the show, they walked by our booth and we offered them the complimentary use of our GOGO Scooter.

Full of gratitude, Tom & Josephine shared with us how this mobility tool helped them enjoy the show for the first time in 5 years.

What a ride that GOGO scooter gave them!!

Scooters/Wheelchairs

Your friends at Accessible Systems, Inc. would like to take this opportunity to thank you for your business, your referrals and your ongoing support!
