

## Curved Stairlifts Custom Made for You

Imagine a custom stairlift made to the exact specifications of your stairway. That is what Accessible Systems does better than any installer. Our custom curved stairlifts give you back access to your home. They are attractively designed with you in mind.

With a safe and durable design, Bruno's Elite Curve can be installed on almost all stairways. Custom made and installed in just a few weeks, the graceful, elegant Bruno Elite Curve retains the beauty of your home while extending your independence throughout.

## Features

- 400 lbs weight capacity
- Direct drive motor/gear box – no belts for reduced maintenance
- Remarkable stable ride from top to bottom
- The vertical rail design allows family members ample space on the staircase
- Visual diagnostics for instant unit status
- Two 12-volt batteries – continuously powered from any household outlet – provide dependable performance, even during outages
- Arms, seat and footrest flip up creating plenty of space for family or guests to walk up and down the stairs
- Generous seat size with adjustable width armrests and multiple seat heights
- An offset swivel seat, making the entry and exit position at the top landing safe and easy

DIMENSIONS ARE BASED ON 7.5" RAIL TO WALL POSITION

## Optional Choices

### Larger Seat Option

Measuring 21.5" (546 mm) in width between the armrests, the larger seat option also features additional seat depth for added comfort and complete support.

- **Standard seat pad** 17.5" (445 mm) wide x 15" (381 mm) deep
- **Larger seat pad** 21.5" (546 mm) wide x 16" (406 mm) deep

### Larger Footrest Option

If an occupant is taller than average or has difficulty bending their knees, the additional 2" (51 mm) in length and width can make all the difference in the world.

- **Standard footrest size** 10" (254 mm) long x 9" (229 mm) wide
- **Larger footrest size** 12" (305 mm) long x 11" (279 mm) wide

### Upholstery Selections

See page 25 for color swatches

**Accommodates  
riders up to  
400lb**

### Power Swivel Seat

For a confident and easy exit at the top landing, the Bruno Elite Curve offers an optional power swivel action. Controlled by the up/down rocker switch or by the call/send transmitters, the seat can turn up to 90° with a steady, fluid movement. The rider exits with a minimum of effort and improved stability.

### Power Folding Footrest

For added convenience in folding the footrest, this option will be greatly appreciated. Now, the footrest can automatically flip up when the seat is raised, and flip down when the seat is lowered. It's simple, efficient and a great help for individuals with back problems or other mobility challenges.

### Mid Park and Charge

For those staircases that have a landing between the top and bottom, the Bruno Elite Curve offers an optional park position with a charging station. Exit at the landing (fold up the arms, seat and footrest) and your stairlift will be charging and ready for use when you return to go up or down.

# Share It Forward: Please Help Others Discover Accessibility

How hard was it for you to find Accessible Systems and your accessible home options? Most of our customers have a very difficult time finding accessible solutions for their home.

- Will you help your friends and family discover accessible options for their home?
- Will you share it forward to the people you know so they learn about their options to remain in the home they love?
- Will you share it forward by showing your home to your friends/visitors and in social media?

You will help others maintain their independence and freedom, prevent falls and injuries, and plan ahead to enjoy their home forever. Please give away this catalog or go to [www.shareitforward.info](http://www.shareitforward.info) to order a FREE catalog and help someone else.
